PREFACE

Each year, the Global Livestock Collaborative Research Support Program publishes an annual report in compliance with grant requirements. The 2001 Annual Report documents work completed during the fiscal year, October 2000 - September 2001. The principal investigators for each project submit reports on research conducted with GL-CRSP funding. Each report is the expression of the principal investigator with minor editing by the Management Entity. All individual reports give the name, address, telephone, fax number and email address of the principal investigator for that project. Inquiries are welcome.
